

**REMARKS/ARGUMENTS**

Claims 6 through 9 and 11 through 15 are pending. By this Amendment, claim 6 is amended for clarity only, and claim 10 is canceled. Reconsideration in view of the above amendments and the following remarks is respectfully requested.

Claims 6-15 were rejected under 35 USC §112, second paragraph. This rejection is respectfully traversed.

In the Office Action, the word "part" is alleged to be indefinite since it is not clear "of what the part is a portion." Applicants respectfully traverse this rejection since it is clear that the "part" is part of the radar apparatus which also includes a main body, a power source, a transmitter unit, etc. In any event, claim 6 is amended herein for clarity only to change the word "part" to casing which is consistent with the specification (page 3, line 30). In addition, the casing is recited as supporting the transmitter unit, sampler unit and an A/D converter included in the sampler unit. Accordingly, reconsideration and withdrawal of the rejection are respectfully requested.

Applicants appreciate the indication that all of claims 6-15 would be allowable if amended to overcome the rejection under 35 USC §112, second paragraph.

Should the examiner believe that anything further is desirable to place the application in better condition for allowance, he is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
